Bowen also and a calf to die a few days ago with symptoms of hydrophobia.

The marriage took place at the residence of the bride's father, in the Cove, and was witnessed by a large number of friends and relatives of the contracting parties. The ceremony was performed by Rev. J. N. Johnson.

The bride was beautifully dressed in a handsome white silk and looked charmingly, while the groom was dressed in regulation black. There were no attendants as the marriage was a quiet one, and had not been announced until a few days previous. Miss Agnes Brown, sister of the bride looked very pretty as flower girl, walking in front of the bride as she entered the parlor where the ceremony was performed. After the usual congratulations the bridal party and guests were invited into the dining room where a sumptuous repast was spread and was heartily enjoyed by all, the editor of the REPUBLICAN being so fortunate as to be among the number.

Early in the afternoon the bridal couple left for Crockett's Cove, the home of Mr. Crockett, where they will take up their residence.

C., principal of Tazewell High School for the next scholastic year. There were fifteen applicants for the position, which is proof of the fact that the place is considered a good one. Prof. Bethea presented very fine testimonials as to his moral fitness and qualifications as a teacher. The assistants will be elected by the trustees upon the recommendation of the principal.

New Pastor at Baptist Church.

On last Sunday morning Rev. W. C. Foster, who was recently called by this congregation of the Baptist church at this place, preached his first sermon to his congregation. We have heard him most favorably spoken of by those who attended the services.

A Young Lady Thrown From Her Horse, Bruised And One Rib Broken.

On Monday morning Miss Sophronia Peery, daughter of Mr. Wm. Peery, of Dix Creek, was riding into town and just as she was entering the town at the west end her horse stepped on part of an old tin vessel, became frightened and threw the young lady. The horse was quite young, and kicked at Miss Peery, striking her in the left side. The young lady was in a helpless condition when discovered lying in the road by Martha Cecil and Mary Higginbotham, two colored women, who immediately carried her into the house of Aunt Salie Dock, another colored woman, who lived near the scene of the accident. Friends were soon informed and Miss Peery was conveyed to Maj. Brittain's, and Dr. Isaac Pierce called in. The young lady had received some painful bruises from the fall, and had one rib broken by the kick from the horse. Her injuries are painful but not serious, we are informed.

Pointers For Farmers in Virginia.

The Norfolk and Western Railway is at ways at work trying to do something for the introduction of capital and increased population in Virginia. An eight page pamphlet under the above heading has been gotten out by the live agents of the company. The pamphlet is full of valuable statistical information intended "for farmers living in Virginia, as well as those in the North and West who intend to find out what farming costs, and what it pays, and whether farming can be carried on cheaper in Virginia than in the North and West."

Among the numerous points of information we note the following:

The average selling price of large tracts of land in Eastern Virginia, in Piedmont Virginia and in the Great Valley and South West; What enters in the cost of production; Fixed Charges on Land; Good average returns per acre; Average returns per acre of Truck Gardens in the Norfolk section; Average returns from an acre of Fruit trees in full bearing; What to sell the year round, and many others we cannot mention without going into too much detail. The pamphlet is a valuable one and calculated to do much good for Virginia. Copies can be obtained by addressing Paul Scherer, Agent Lands and Industries, N. & W. Ry., Roanoke, Va., or W. B. Devill Gen. Pass. Agent N. & W. Ry., Roanoke, Va.

Too hot to be in the shadow (of the corn-stalk).

Cedar Bluff seems to be on a boom. More pretty girls in town than you can shake a stick at in a month of Sundays.

The "Sunday School Picnic" is all over and no body hurt (?) and the participants are singing "After the Ball."

Messrs Higginbotham & Kirby, the leading millers of the south-west, received a car-load of nice corn last week, after buying all they could find in this section. Give them a trial.

"Come rain come shine" there is always plenty of young men and bachelors at the depot to let the train pass.

We are sorry to note that our friend Mr. Wade H. Peery is now afflicted with typhoid fever. He has our sincere wishes as to a speedy recovery.

Rev. J. O. McNeil was with us Saturday and Sunday and gave one of his excellent sermons. Thanks, brother, come again, we enjoy your good talks.

A lady in town received a nice missive the other day in this form, "Would you have any objections, if I should gain your daughter's affections?"

The C. B. Sunday is going to picnic about a mile east of here on Saturday the 18th inst.

W. R. Dawson, the hustling N. & W. man is building a new bridge just above the depot. He evidently understands his business and has the energy to push it along.

The next Cottage Prayer Meeting will be at the parsonage conducted by Miss Maud Hepass, Also the Literary Department of the League will meet on Friday night. Come and see it, they have an interesting program. Reporter.

POUNDING MILL ITEMS.

Mr. P. H. Wilson and daughter, of Thompson's Valley, recently passed a visit to friends here.

Rev. Mr. Harless baptized a Miss Caldwell on Sunday evening, the 27th ult. Quite a number of persons were present to witness the interesting ceremony. The appointment of Mr. Harless for Steelburg the first Sunday in July was recalled and fixed for the first Sunday in August.

Mr. James McGuire's face is becoming quite familiar in our vicinity. Some attraction of course. "All's well that ends well." Come again James.

Does anybody know who borrowed the inspirator from Tim Monger's new engine, near T. Z. Cecil's, not long since?

Who borrowed my gun while we were sleeping?

Who said no to a courting young man

here on Sunday after preaching?

The above communication was received last week too late, after our paper was printed. We have culled it and left out some things that would be stale this week. We wish our correspondents would remember to get their communications here by Tuesday, each week, and not later.

Card of Thanks.

We desire to express our appreciation for the sympathy, interest and support tendered by those who came to help bear our recent bereavement. We can better endure the sorrow of death when friends come to distribute our grief in their Christian hearts.

Sincerely and gratefully yours,

Celebration at Pocahontas.

From a report in the Bluefield Telegraph they had a big time and very successful blow out at Pocahontas on the 5th. The crowd was large and the order very good. Col. J. S. Browning delivered an address of welcome and introduced Hon. S. W. Williams, as the orator of the day. The trades' procession, foot races, bicycle races, base ball games and slugging contest were all carried out as announced by the managers of the celebration.

Mr. C. L. Hasbrouck, a druggist at Mendon, Mich., says all of the good testimonials that have been published by the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy could be duplicated in that town. For sale by J. E. Jackson, druggist.

BIG STRIKE OF MINERS.

It is Estimated that 200,000 Men Have Quit Work.

President Hatchford, of the United Mine Workers, has ordered a general strike of the miners belonging to his association, and the order has been complied with in Ohio, Indiana, Illinois, Western Pennsylvania and in sections of West Virginia and Kentucky. It is estimated that over 200,000 men have joined the strike. The movement is for a higher scale of wages. A similar strike was made in 1894 but was practically a failure, as the miners continued to work in many localities, notably West Virginia. During the strike of 1894 trouble was caused by the shipment of West Virginia coal to various points in Ohio, the miners making efforts to stop the traffic. The railroad companies made an appeal to the State for protection and almost the entire Ohio National Guard was put in the field.

If the strike attains the proportions its leaders and directors claim that it will, it will be calculated to add largely to the output of the mines at Pocahontas and on the Elkhorn, if there is no strike at these points.

A telegram from Columbus, Ohio, says: "Reports at hand indicate the strike order to the miners was generally obeyed except in West Virginia, Eastern Ohio and North-western Kentucky. The Spring Valley mining district is entirely closed. Order prevailed everywhere today and no trouble is anticipated for some time, and there will be no trouble unless efforts are made to work the mines with non-union labor. About 150,000 men actually quit work today."

If the strike continues we may confidently expect the same results that have attended similar movements in the past. The operators will try to use non-union men and there will be lawless efforts made by the union men to prevent the non-union men from working. That the strikers will be benefitted is almost impossible. Such movements are almost always attended with failure.

Pardons Offered Cubans.

HAVANA, July 5.—Captain General Weyler, after his arrival at Sancti Spiritus, Province of Santa Clara, issued a proclamation to the insurgents and pacificos, saying that the approaching inauguration of the scheme of reforms for Cuba was more important than the insurrectionary movements in the Province of Santa Clara, adding: "Therefore, I will pardon all who surrender with or without arms. They may give themselves up at any military station by making signs with handkerchiefs, so that the troops may know of their intentions to surrender. Those who surrender with arms will receive provisions and will be employed on the public works. Those who bring in cattle or horses with them may keep the animals or sell them."

GREECE WILL SETTLE IN CASH.

The Government Raises a Loan to Pay the War Debt.

LONDON, July 5.—A dispatch to the Daily Mail from Athens says: The Greek government has already negotiated a loan, and that the moment the peace conditions are signed the indemnity will be paid cash down.

The Powers have agreed upon conditions of Cretan autonomy as follows:

A Christian governor is to be appointed, and the annual tribute to be paid to Turkey is fixed at \$50,000, commencing after five years.

The foreign troops will remain on the island pending the formation of an indigenous militia under European officers. The governor is to have the right to nominate and dismiss civil officers. The constitutional assembly is to be composed of an equal number of Christians and Mohammedans, and there is to be a gradual withdrawal of the Turkish troops.

Sacrilegious in Politics.

It is not enough that the Bryanite leaders have shocked the moral sense of people by their advocacy of fifty cent dollars. But some of them seem determined to offend the religious sense as well. The conduct at the Ohio State convention conspicuously illustrated the point. Amidst the political trumpery brought forward to amuse the mob was a cross of gold and a crown of thorns, the sacred emblems of Christianity, placed on a table along with a live rooster for the edification of the delegates. It does not appear from the published accounts of the convention that one single delegate in any manner made a protest against the sacrilege. It is also reported that while a minister was offering prayer the delegates remained seated and smoked and shouted to the clergyman to talk louder.

The historic Democratic party has been for a century the advocate of rights of the plain people against centralization and the aggressions of the classes in demanding special privileges. It has been the champion of religious as well as of civil liberty. It has numbered among its leaders the purest and best men and the ablest statesmen. And this is how some are trying to bring a great and time-honored organization down to the dust.—Baltimore Sun.

Boies is Sensible.

Richmond Times.

The Hon. Horace Boies, of Iowa, is a little off, as we pointed out yesterday, on his currency scheme but he is wiser than his silver brethren when he says that the 16 to 1 proposition is a dead issue and cannot possibly win in 1900.

At the present market price of silver bullion, the silver dollar is worth only about 46-1/2 c., and to say that by a single act of Legislature its value can be at once increased to 100c. is so manifestly absurd that Mr. Boies, though an ardent silver advocate, is not willing longer to commit himself to that proposition.

Mr. Boies has left the sinking ship, and we think that many others will follow his example within the early future. It is the beginning of the end. Free coinage

at 16 to 1 is a hopeless course. Mr. Boies is an authority on dead issues.

A Test of Americanism.

Washington "Star" Ind.)

During the next six months we shall see how far those people who live in this country but are anti-American thought are willing to go in an effort to defeat a distinctly national end. This end is the acquisition by this Government of the Hawaiian Islands. The treaty goes over until December, but the Government is committed through the signature of the Secretary of State and the project is endorsed by the great majority of the American people. But those who oppose it are preparing for a fight, and, appropriately enough, will find themselves in league with, and under the leadership of, a foreign country, Japan against their own.

Thousands Celebrate.

With thankfulness their restoration to health by the use of Hood's Sarsaparilla.

Think of the vast army who have been cured by this medicine—

Men, women and children, who have suffered the consequences of impure blood, who have been the victims of scrofula, eruptions, dyspepsia, nervousness, sleeplessness.

They have tried other medicines and have failed to obtain relief. They tried Hood's Sarsaparilla and it did them good. They persevered in its use and it accomplished permanent cures. Do you wonder that they praise it and recommend it to you?
